# Software

ACal

Additel ACal is a powerful software package designed to automate or semi-automate pressure calibrations and manage your laboratory. ACal combines the pressure automation features with lab and asset management functions to help make your job easier and more productive. ACal comes in three versions: Basic, Professional, and Network.

ACal Basic supports asset management and task management features. ACal Professional is a single PC installation which combines all the features of Basic with automation functionality. And ACal Network puts the Professional version on a multi-user network platform.

MAIN FEATURES

- Supports multi-users and network environments
- Calibration and asset management
- Simple user interface
- Scanning and printing of QR codes
- User definable permissions and access levels
- Preset test configurations
- Can calibrate variety pressure instruments
- Can calibrate several instruments at a time
- Calibration planning and scheduling
- Certificate management and creation
- Certificate customization
