

JBL-3 Measuring Test Can 10L

Portable Stainless Steel

- A calibrated measure for testing the accuracy of fuel dispensing equipment.
- Suitable for use with diesel, biodiesel, petrol & AdBlue.
- We can provide a UK weights & measures certificate option.
- 304 stainless steel construction. Separate lifting & emptying handles.
- Filling the measure to the “zero” mark will ensure an accurate amount of liters has been dispensed allowing the dispenser to be calibrated accordingly
- Scale is in milliliters.

Provides a true comparison for checking the accuracy of fuel dispensing equipment

Technical Data

Capacity : 10L
Accuracy : 0.1%
Resolution : 10 mL
Material : Steel Stainless

Diameter : 225mm
Height : 490mm
Weight : 4.1Kg
